

# CBD for My Pet Worksheet

companion document for *CBD Made Simple for Pets*

My Pet's Name \_\_\_\_\_

Age \_\_\_\_\_

Weight \_\_\_\_\_

## STEP 1 – Your Goal

What do I want to remedy?

(i.e. pain, anxiety, cancer, IBD, allergies, seizures, itchy/licking, dementia, etc.)

What is my goal? or how would I characterize success with CBD?

(i.e. improved mobility, more calmness, comfort care, overall wellness)

## STEP 2 – Product Selected

Product Selected \_\_\_\_\_

Total CBD in the bottle \_\_\_\_\_ mg (as confirmed by the COA)

Bottle Size \_\_\_\_\_ mL (15mL = 1/2 oz., 30mL = 1 oz., 60mL = 2oz)

## STEP 3 – Your Starting Dose

Starting Dose \_\_\_\_\_ mL

Equivalent to \_\_\_\_\_ mg of CBD per dose

## STEP 4 – Your Pet's Optimal Dose

Optimal Dose

the date \_\_\_\_\_ and the amount being given \_\_\_\_\_ mL

For best outcome, give the optimal dose consistently for 10 days (Step 5), then proceed to Step 6 in *CBD Made Simple for Pets*.
